Mr. William J. Casey  
Director  
CIA  
Washington, D.C. 20505

Dear Mr. Casey:

In the April 26, 1982 edition of *NEWSDAY*, it was reported that certain agencies of the U. S. Government have been aware of an extensive electronic eavesdropping facility installed and operating at Killenworth, the Soviet estate in the City of Glen Cove.

Since it was at the urging of the Federal government that the City of Glen Cove granted this estate tax exempt status in 1966 because it was to be used as the primary residence of the Soviet Ambassador to the United Nations, and as a recreational facility for staff, I find this latest disclosure of illegal activities to be most alarming.

I fail to understand why the agencies of the government that have had this knowledge for some time did not inform the officials of the City of Glen Cove about this activity. This type of illegal and immoral activity certainly takes Killenworth out of the realm of a recreational facility and squarely into a cloak and dagger scheme of international manipulations.

We, the citizens and government of the City of Glen Cove, are losing thousands of tax dollars yearly because of Federal pressure, and yet the estate apparently serves as a prime center for spy activity.

I am requesting full disclosure of any illegal activity that your department is aware of, and I strongly request full repayment of tax monies and costs of additional services that the citizens of Glen Cove have been forced to bear.

I look forward to your prompt attention and response to this letter.

Very truly yours,

A handwritten signature in dark ink, appearing to read "Alan M. Parente".  
ALAN M. PARENTE  
Mayor and Supervisor
